Forest Ecology and Management, 35 (1990)
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

Author Index

Andersson, F.
Book review of *Ill winds: Airborne Pollution's Toll on Trees and Crops*, by J.J. MacKenzie and M.T. El-Ashry 316
Barnes, R.D. and Burley, J.
Tropical forest genetics at the Oxford Forestry Institute: Exploration, evaluation, utilization and conservation of genetic resources 159
Bonner, F.T.
Storage of seeds: Potential and limitations for germplasm conservation 35
Burley, J., *see* Barnes, R.D. and Burley, J.
Crowley, G.M. and Jackes, B.R.
Germination characteristics in tropical provenances of *Allocasuarina littoralis* and *A. torulosa* 227
Dvorak, W.S.
CAMCORE: Industry and governments' efforts to conserve threatened forest species in Guatemala, Honduras and Mexico 151
Ehrlich, P.R.
Habitats in crisis: Why we would care about the loss of species 5
Elwood, N.E. and Rose, D.W.
Heuristic simulation: An alternative to linear programming in developing forest management schedules 303
Esquinas-Alcazar, J.T. *see* Palmberg, C. and Esquinas-Alcazar, J.T.
Faik, D.A.
Endangered forest resources in the U.S.: Integrated strategies for conservation of rare species and genetic diversity 91
Gladstone, W.T. and Ledig, F.T.
Reducing pressure on natural forests through high-yield forestry 69
Govindaraju, D.R.
Gene flow, spatial patterns and seed-collection zones 291
Hall, J.B. *see* Lulandala, L.L.L. and Hall, J.B.
see also Mohamad, A. and Hall, J.B.
Isik, K.
Seasonal course of height and needle growth in *Pinus nigra* grown in summer-dry Central Anatolia 261
Jackes, B.R., *see* Crowley, G.M. and Jackes, B.R.
Keogh, R.M.
Growth rates of teak (*Tectona grandis*) in the Caribbean/Central-American region 311
Kitzmiller, J.H.
Managing genetic diversity in a tree improvement program 131
Ledig, F.T., *see* Gladstone, W.T. and Ledig, F.T.
see also Millar, C.I. et al.
Libby, W.J.
Genetic conservation of radiata pine and coast redwood 109
Lulandala, L.L.L. and Hall, J.B.
Nutrient removals in harvesting of *Leucaena* hedgerows at Mafiga, Morogoro, Tanzania 207
Millar, C.I., Ledig, F.T. and Riggs, L.A.
Conservation of diversity in forest ecosystems 1

Mohamad, A. and Hall, J.B.
Effects of fertilizer application on *Calamus manan* at Taiping, Perak, West Malaysia ... 217
Nautiyal, J.C.
Book review of *Unification of European Forest Pattern Research*, edited by A.A. Oldeman, P. Schmidt and A. Teller ... 315
Neil, P.E.
Conservation and management possibilities for *Agathis macrophylla* in Vanuatu ... 239
Palmberg, C. and Esquinas-Alcazar, J.T.
The role of the United Nations agencies and other international organizations in the conservation of forest plant genetic resources ... 171
Papió, C. and Trabaud, L.
Structural characteristics of fuel components of five Mediterranean shrubs ... 249
Pehl, C.E. and Shelnutt, H.E.
Hexazinone influences on *Pinus taeda* seedlings ... 271
Peters, R.L.
Effects of global warming on forests ... 13
Riggs, L.A.
Conserving genetic resources on-site in forest ecosystems ... 45
see also Millar, C.I. et al.
Rose, D.W., *see* Elwood, N.W. and Rose, D.W.
Salwasser, H.
Conserving biological diversity: A perspective on scope and approaches ... 79
Shelnutt, H.E., *see* Pehl, C.E. and Shelnutt, H.E.
Sweet, G.B.
Book review of *Australia's Ever Changing Forests*, by K.J. Frowley and N. Semple ... 317
Sziklai, O.
Book review of *Sexual Reproduction of Tree Crops*, by M. Sedgley and A.R. Griffin ... 317
Tarasiuk, S. and Zwieniecki, M.
Social structure dynamics in uneven-aged Scots pine (*Pinus sylvestris*) regeneration under canopy at the Kaliszki Reserve, Kampinoski National Park (Poland) ... 277
Trabaud, L., *see* Papió, C. and Trabaud, L.
Wilson, B.C.
Gene-pool reserves of Douglas fir ... 121
Wood, G.B.
Ground-sampling methods used to inventory tropical mixed moist forests ... 199
Zwieniecki, M., *see* Tarasiuk, S. and Zwieniecki, M.

Forest Ecology and Management, 35 (1990)
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

Subject Index

Acid deposition, *see* Pollution
Agathis
Conservation and management 239
Agroforestry
Nutrient removal in harvesting *Leucaena* hedgerows 207
Effects of fertilizer on *Calamus* 217
Germination in *Allocasuarina* 227
Allocasuarina
Germination 227
Australia
Australia's forests (Book review) 318
Burning, *see* Fires
see also Fuel wood
see also Drought conditions
Calamus
Effects of fertilizer 217
CAMCORE
CAMCORE: Efforts to conserve threatened species in Guatemala, Honduras and Mexico 151
Conservation
Conservation and management of *Agathis* 239
Diversity, conserving
Conservation of diversity 1
Habits in crisis: Loss of species 5
Effects of global warming 13
Storage of seeds: Germplasm conservation 35
Conserving genetic resources on-site 45
Reducing pressure on natural forests through high-yield forestry 69
Conserving biological diversity: Scope and approaches 79
Endangered forest resources in the U.S.: Integrated strategies for conservation 91
Genetic conservation of radiata pine and coast redwood 109
Gene-pool reserves of Douglas fir 121
Genetic diversity in a tree improvement program 131
CAMCORE: Efforts to conserve threatened species in Guatemala, Honduras and Mexico 151
Tropical forest genetics: Conservation of genetic resources 159
Role of international organizations in conservation of genetic resources 171
Douglas fir, *see Pseudotsuga*
Drought conditions
Structure of fuel components in Mediterranean shrubs 249
Pinus growth in dry summer 261
Endangered species
Endangered forest resources in the U.S.: Integrated strategies for conservation 91
European forestry
European Research (Book review) 315
Fertilizers, *see* Nutrient dynamics
Fires
Structural characteristics of fuel components of Mediterranean shrubs 249

Fuel wood
Structural characteristics of fuel components of Mediterranean shrubs 249
Gene flow
Gene flow, spatial patterns and seed-collection zones 291
Gene pools, *see* Genetic resources
Genetic resources
Storage of seeds: Germplasm conservation 35
Conserving genetic resources on-site 45
Endangered forest resources in the U.S.: Integrated strategies for conservation 91
Genetic conservation of radiata pine and coast redwood 109
Gene-pool reserves of Douglas fir 121
Genetic diversity in a tree improvement program 131
Tropical forest genetics: Conservation of genetic resources 159
Role of international organizations in conservation of genetic resources 171
Germination, *see* Seed dynamics
Germplasm, *see* Genetic resources
Global warming
Effects of global warming 13
Growth, seasonal
Seasonal growth in *Pinus nigra* in summer 261
Herbicides, *see* Pests, weeds and diseases
Hexazinone, *see* Pests, weeds and diseases
High-yield forestry
Reducing pressure on natural forests through high-yield forestry 69
International cooperation
CAMCORE: Efforts to conserve threatened species in Guatemala, Honduras and Mexico 151
Role of international organizations in conservation of genetic resources 171
Ground-sampling to inventory tropical forests 199
Inventory methods
Ground-sampling to inventory tropical forests 199
Kauri, *see Agathis*
Leucaena
Nutrient removals in harvesting *Leucaena* 207
Linear programming, *see* Modelling
Management practices
Conservation and management of *Agathis* 239
Heuristic simulation: An alternative to linear programming 303
Mediterranean ecosystems
Structural characteristics of fuel components of Mediterranean shrubs 249
Modelling
Heuristic simulation: An alternative to linear programming 303
Nutrient dynamics
Nutrient removals in harvesting *Leucaena* 207
Effects of fertilizer on *Calamus* 217
Oxford Forestry Institute
Tropical forest genetics: Conservation of genetic resources 159
Pests, weeds and diseases
Hexazinone influences on *Pinus taeda* seedlings 271
Picea
Gene flow, spatial patterns and seed-collection zones 291

Pinus
Genetic conservation of radiata pine and coast redwood 109
Seasonal growth in *P. nigra* in summer 261
Hexazinone influences on *P. taeda* seedlings 271
Social structure dynamics in uneven-aged *Pinus* regeneration 277
Gene flow, spatial patterns and seed-collection zones 291
Pollution
Airborne Pollution (Book Review) 316
Pseudotsuga
Gene-pool reserves of Douglas fir 121
Rattan, *see Calamus*
Redwood, *see Sequoia*
Regeneration, *see* Structure and function, ecosystem
Reproduction
Sexual Reproduction (Book Review) 317
Sampling, *see* Inventory methods
Seed dynamics
Germination in *Allocasuarina* 227
Seeds, storage
Storage of seeds: Germplasm conservation 35
Seed-collection zones
Gene flow, spatial patterns and seed-collection zones 291
Simulation, *see* Modelling
Spacing, *see* Spatial patterns
Spatial patterns
Gene flow, spatial patterns and seed-collection zones 291
Spruce, *see Picea*
Structure and function, ecosystem
Social structure dynamics in uneven-aged *Pinus* regeneration 277
Structure and function, organism
Structural characteristics of fuel components of Mediterranean shrubs 249
Teak, *see Tectona*
Tectona
Growth rates in Caribbean/Central-America 311
Tropical forests
Ground-sampling to inventory tropical forests 199
Tropical timbers
CAMCORE: Efforts to conserve threatened species in Guatemala, Honduras and Mexico 151
Tropical forest genetics: Conservation of genetic resources 159
Nutrient removals in harvesting *Leucaena* 207
Germination in *Allocasuarina* 227
Conservation and management of *Agathis* 239
Growth rates of *Tectona* in Caribbean/Central-America 311
Variety trials
Germination in tropical *Allocasuarina* 227
